EHR/EMR PRINT TRACKING

Integrate print tracking with your EHR/EMR software solution.* PaperCut MF helps you track user prints and manage your budget with ease.

*Certain conditions must exist for EHR/EMR print tracking. Please contact your ACDI representative for more details.

More Cost Savings features:

Shared Accounts: Charge departments for print and copy output

Print Quotas: Used to control and restrict users to sensible use by allocating a quota/allowance/budget

Accountability

ONLINE DASHBOARD

It's easy to manage all your staff and devices with PaperCut MF. Log in to the online admin dashboard to see who, what, when, where and how users are printing. Set up quotas, encourage sensible usage and view over 80 pre-built reports in one place.

More Accountability features:

Over 80 Reports: Detailed reporting from user to department and everything in between

Printing Rules & Policies: Change user behavior with forced duplex, BW and economical MFP routing

Print Archiving: A detailed visual record of users print activity

Security

SECURE PRINT RELEASE

Don't fall victim to security breaches and HIPAA fines. Safeguard your campus against attacks that expose patient records. PaperCut MF puts privacy first with features like Secure Print Release and more.

More Security features:

End-to-End Encryption: Security from the device to the print server, the print server to the printer, and the printer to the user

User Authentication: Verify the identity of users by using a username and password, pin number or by swiping a card

Find-Me Printing: Print once and release your job at any printer

Accessibility

MOBILITY PRINT

Empower employees to discover and print to any printer with no tech assistance using PaperCut MF. Use Mobility Print to track BYOD printing in a snap or head straight to the cloud. Send your documents right to Google Drive, Dropbox and more with Integrated Scanning.

More Accessibility features:

Integrated Scanning: Integrated MFP scanning to email, home folder and cloud storage

Scan to Cloud Storage: Evernote, Google Drive, box, One Drive, Dropbox, and pCloud

Site Servers: Insures continuous availability of printing resources to key business functions
